

Rig tension gauges

	Art. No.	Description
	592-037	Small metric (2.5 mm, 3 mm, 4 mm wire) Model A
	592-038	Large metric (5 mm, 6 mm, 7 mm wire) Model B
	592-034	PT (Professional Tension) gauge (2.5 mm, 3 mm, 4 mm wire) PT-1M
	592-035	PT (Professional Tension) gauge (5 mm, 6 mm, 7 mm wire) PT-2M

The Loos range of rig tension gauges provides an accurate method for measuring and replicating rig settings. Manufactured from rugged anodised aluminium, the gauges are corrosion resistant and will give years of service. The new PT rig tension gauges offer higher accuracy and are designed to remain on the wire whilst it is being adjusted. Just watch the pointer move.
